A
REPORT ON

Nature Education Camp at
Jessore Sloth Bear Sanctuary

By
NSS VOLUNTEERS

On
17,18,19 December 2018

PLACE
Jessore

The Government Engineering College Palanpur held a 3 days Nature Education Camp by took a permission of Forest Department of Banaskantha District. The Programme held under the Co-ordination of Dr.C.G.Prajapati Sir (N.S.S. Co-ordinator) with the students of college.

On mid-day of 19th December 2018 at 11.30am all students are togetherd for going to the Jessore Wild Life Santury. Students are reached at location around 12.30pm then we have satteded our luggadge in the camp and took relaxation upto 3.00pm. After That we take the tea brake and met our Camp Instructor Mr. Amitbhai Thakor. He give us the introduction about the general information about the Forest, sloth Bears and the Plants and other parts of that.

Finally after that we leave the camp for our first tracking. Firstly he instructed us the method of Tracking and after That all had done such a Wonderful Tracking. He also give us the knowledge about the plants by showing them and the use of that. We back to the camp at around 7.00pm. Then we had took the dinner like an Hungry Animal because the tracking made us do that on that night we sleeping like that was the golden night over them.

On second day we wake up in the early in the morning took the breakfast and leave the camp for the tracking of Kedarnath. That was actually very difficult but we enjoyed a lot and again we back to the camp for Lunch. After tacking relaxation and tea brake we leave for the nursery for information of plants and the cages for rescuing sloth bears, Leopards. Then we went to finding the woods for the Camp Fire.

After tacking Dinner the Beat guards. Trainees and we had a wonderful campfire with the R.F.O. Sir. In that campfire we all

are presented so many activities like cultural , Poetry, skit and at last Antakshari and then we slept.

On the 3rd day actually that was the leaving day from the camp. We wake up early in the morning and packed our bags and took breakfast. The Farewell ceremony by the camp instructor made our heart melt. Finally we leave the camp site at 9.00 am with hundreds memories.

That is how our N.E.C. was gave like the relation between humans and Nature.
