**A  
REPORT ON**

# **Road Safety Awareness Programme**

**By  
Mr. Amit Khatri  
RTO Officers  
Traffic Police**

**On  
2<sup>nd</sup> February 2018**

**MECH. ICT HALL**

**“Government Engineering College Palanpur (GECPL)”** operates under the aegis of Government of Gujarat (established in the year 2009). It is affiliated to Gujarat Technological University, Ahmedabad and is also approved by All India Council of Technical Education (AICTE), New Delhi. GECPL provides a dynamic and supportive environment in which faculty and staffs continuously grow intellectually and professionally.

Our Vision is to excel in Technical Education and Research by amalgamation of students, Faculties and Industries for serving the Nation. Our mission is to make the students to be better technocrats and professionals with quality, meeting their needs in the area of technical studies and providing better learning opportunities to develop skill for creating a better tomorrow.

In above Context, National Service Scheme (NSS) co-ordinator and volunteers has organized the seminar on *Road Safety Awareness* for students. The purpose behind this seminar is to aware students about the importance of value life, when they drive vehicles beyond speed limit.

Road Safety Awareness seminar was organized by NSS unit at GEC Palanpur. The main speaker of seminar was Mr. Amit Khatri who is special officer allotted by government for giving awareness among road safety. The programme was started at 11:30 am and hosted by Chirag Khatri.

To talk on the above context, we had invited Mr. Amit Khatri, RTO Officers and Traffic Police. All guest speakers are welcomed by the bunch of flowers by Dr. K. B. Judal, Principal Government Engineering College, Palanpur.

Amit sir gives one the best part of knowledge on road safety and share best information through presentation. He has unique style to express awareness among the road safety.

RTO Officer, who gives fabulous speech regarding to our programme. And Traffic Police gives the best examples and information regarding to road safety, which is useful in our life style.

At the end of Seminar Dr. C.G.Prajapati thanks to all of the Chief members who involved in our Road Safety Awareness program and the all NSS volunteers and students.

After the completion of our programme, NSS Volunteers participated in the Programme of Radium strip Sticker on the Road Vehicles.
