NATIONAL SERVICE SCHEME [NSS]

A
REPORT ON
Value Based Education
Seminar

by

Dr. Kaushik Chaudhary, Dental Surgeon
Shri Kailash Trivedi, RSS Member
Renuka Bahen, Brahma Kumari's

10th August 2017
Mechanical ICT Hall

"Government Engineering College, Palanpur" (GECPL), operates under the aegis of Government of Gujarat (established in the year 2009). It is affiliated to Gujarat Technological University, Ahmedabad and is also approved by All India Council of Technical Education (AICTE), New Delhi. GECPL provides a dynamic and supportive environment in which faculty and staffs continuously grow intellectually and professionally.

Our Vision is to excel in Technical Education and Research by amalgamation of students, Faculties and Industries for serving the Nation. Our mission is to make the students to be better technocrats and professionals with quality, meeting their needs in the area of technical studies and providing better learning opportunities to develop skill for creating a better tomorrow.

In above Context, National Service Scheme (NSS) co-ordinator and volunteers has organized the seminar on *Value based Education* for 1 Year students. The purpose

behind this seminar is to aware 1st Year students about the importance of value in life in Education regarding the Life Skill subject introduced in Bridge course of GTU on 8th August 2017 at ICT hall, Mechanical Department.

To talk on the above context, we had invited Mr. Kaushik Chaudhary, Dental Surgeon, Shri Kailashbhai Trivedi, RSS member, Renuka bahen & Deepakbhai Brahma Kumari's. All guest speakers are welcomed by the bunch of flowers by Dr. K. B. Judal, Principal Government Engineering College, Palanpur.

Mr. Kaushik Chaudhary, Dental Surgeon was invited to talk on the above context. He had discussed about the value of education to the 1st year students that Education is important but today's parents and students are running to get good marks, so that the extra talent cannot be developed. He had also added that we have to give our knowledge to Nation not only to get something from Nation. If you give your

knowledge to the society or world, you will get happiness permanently.

Our other guest Shri Kailashbhai Trivedi, RSS member is also invited to talk on the above context. He had discussed about the truth, humanity, harmony, courage, emancipation through different examples in society. He also told to keep this quality in the youth people and that should be taught to the students in this Education system. He had also discussed about the life journey of successful people in the world and they are successful just because of the above value.

Lastly but not least our other guest Renuka bahen, Brahma Kumari's also invited to talk about the value based education to our 1st year students. In her discussion she had suggest to make personality development by reading some good books and by acquiring good habits. She also told that our body is main outer part of personality which can be build up by having some fresh and healthy food. All her discussion

was on ppts with good animated examples. Renuka bahen colleague, Mr. Deepakbhai had also deliver some talk on health tips to save our body from different diseases. He had also talk on the proper way to drink water and also discuss what to eat & what not to eat.
